NOTICE TO ALL LIVING MEN & WOMEN

Do you realise that the government owns you?

How has the government owned you?

The government has made each person in New Zealand an artificial corporate entity.

How did I become an artificial corporate entity?

This happened when your parents registered your birth and was issued a Government Birth Certificate. This document created you as an artificial corporate entity or trade name. A corporate entity is a dead entity, it is not living. The government is administering you as a dead corporate entity as they can only govern you in this way. They cannot govern the living without your expressed consent and with full and specific disclosure.

How have they administered you without you knowing?

Through leading you into contracts using misleading words to obtain your consent. We have been educated as corporate entities, learning a corporate language and learning words that we believed meant one thing, but that were all leading us into contracts without our knowledge and representing us as artificial entities. For example, we are taught at a young age that we are a ‘person’, ‘natural person’, ‘citizen’, ‘resident’, ‘individual’, ‘human’ and have a ‘residence’. These are all different words for a corporate entity. Look these up for yourself in Black’s Law dictionary.

How have I been contracting with the government and giving my consent for them to own me?

First of all, as soon as you answer or confirm a question or provide any of your personal information verbally or on any form/contract/registration/application form (such as your name, surname, date of birth, address, road/street/town/city), you are entering into a contract. When you answer security questions or declare, acknowledge or confirm on any form that the information on that form is true, you are also entering into a contract as an artificial corporate entity, unless stated otherwise.

These questions have the intent to deceive and entrap us into contracts by us representing the artificial entity. This is fraud as a living man or woman is not an artificial entity nor bound by the Acts of The Crown. Whenever you use your full given name/legal name, preferred name, tying in your family name/surname this is your corporate/trade name, which you then respond to, as this looks like your name. You are therefore being tricked to contracting as the trade name (artificial person).

The other ways in which you are contracting with the government is any time you give your date of birth, using a title i.e. Mr or Mrs, your signature, road/town/city names and using your birth certificate, drivers license or passport as your identity to any government organization. The use of these makes you a corporate entity. You do not own the drivers license, passport or birth certificate issued in your artificial name. The Crown owns them and all corporate entities in New Zealand because it created them by way of registration. This makes all corporate entities, The Crown, and all Acts bind The Crown. Admiralty Statutes and Acts only apply to Commerce and Contracts which are artificial corporate entities. ‘The Crown’ is not ‘The Queen of England’. Refer to: U.S. Securities & Exchange Commission that lists that the New Zealand Government is a corporation trading as **HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND CIK 0000216105**.

What if I don’t want to consent to what the government forces me to contract into? i.e. medical procedure.

As a people and corporate entity you have no choice because you are bound by Acts and Statutes.

The nature of New Zealand’s parliamentary democracy means that statutes passed by parliament can be binding on people without their expressed consent.

Because you are a corporate entity or ‘THE CROWN’, the Government presumes the people of New Zealand cannot self-determine and make decisions for themselves until they challenge the presumptions and correct the error of NOT being a corporate entity.

For example, the Covid Health Response Act 2020 has been created by the government to empower themselves over you (as a corporate entity) and make decisions about what you can or cannot do.

This includes decisions about your own health, wellbeing or freedoms such as:

- Deciding for yourself to stay home if you feel unwell
- Reminding you to wash your hands
- Removing you or a family member from your home and placed into a quarantine facility
- Having a medical procedure or test
- Not knowing how to responsibly care for your family
- Choosing where and when to travel without restrictions
- Making choices about your body
- Keeping safe when you practice your faith
- Keeping safe while in public or in a group

Whether you agree or disagree with the orders within the act, you are bound by them as The Crown/corporate entity.

So what can I do?

As a living man or woman, you CAN self-determine and make choices for your best interests and freedoms. YOU STILL HAVE THE POWER TO CHOOSE. But, you must exercise these choices in the correct way. You need to remove the presumption (verbally or in writing) that you are a corporate entity that is bound by Commerce and Contract law, and replace this presumption with the truth of what you are.

If I am not an artificial corporate entity or The Crown, what am I?

A living man or woman. You are NOT a person, persons, people, citizen, individual, human, resident or any other word except a living man or woman. These are ALL a variation of a corporate entity. Refer: Black’s Law dictionary. You live in a geographical area of land with substance i.e. rivers, mountains in the land known as Aotearoa, within a living, breathing body with blood flowing in your veins. You are bound by lore’s of nature and God’s lore. (this is not about being religious). You were born living on a date, not on your Date of Birth. Birth means ‘to separate’. Your first birth was separating from your mother to earth and the second birth was from being born alive to the ‘birth’ of your (artificial) corporate entity using artificial construct. The living man or woman is not the surety to your artificial corporate entity (aka artificial fiction). Refer: Surety definition, Black’s Law 7th Edition.

How do I NOT enter into any contract with the government or any corporation?

You have the choice to enter into a contract and can add, delete or modify its contents and correct

Disclaimer: We do not have any intent to over throw the company HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND “New Zealand Crown”

any errors on a form or verbally. If it's beneficial to you, you may wish to enter into it but it is wise to correct the errors or fraud. You can add, alter or delete any part of a contract or on any form. You can write over it or say verbally, “As a living man/woman I give NO CONSENT”. You must state your jurisdiction to remove their jurisdiction over you. For example, “As a living man/woman I am bound by the lore's of nature and God's lore only all absolute rights reserved.” You should research the meanings and definitions of the words within a contract to see if it is misleading with intent to deceive.

How do I give my information and write my information that makes me NOT a corporate entity?

State you are not a corporate entity, eg “I am living man:john:” only (or woman). Do not give or confirm your surname. You can say instead, “from the house of doe”

Never confirm your address or residence. You can say that you live on the land of Aotearoa. You are not obliged to provide your information. Never answer the question to; “Do you understand?” to ‘understand’ is giving your consent to ‘stand under’ whoever is asking. Always reply, “No I do not understand. Do you comprehend?” Even if asked multiple times, do not acknowledge or confirm to this question. It is when you provide information or answer/confirm your details that entraps you into a verbal or written contract. If asked to provide your identification such as driver's license, you can say “I do not own a driver's license. If I was to claim I owned one and handed it over it would be dishonest as I would be guilty of perjury knowing it is not mine, knowing it is not my name on there and knowing I did not sign that card, knowing that I did not use artificial construct to create the artificial persons name that's written in all capitals on the license. Even if I am holding a license here I will not give it to you as you are asking for ‘my’ license. Just to clarify matters, are you a party to this fraud? (then close convo), Now you have a good day.”

How do I remove myself from a contract?

A living man or living woman holds supreme authority over any corporate entity or legal fiction. You are more powerful than you realise, but always stay in honour and integrity.

Written contract: If the corporation challenges your authority or your corrections confirming you are a living man/woman, go through their document/form and highlight all the misleading information (fraud) and include your evidence which is the definitions of words in legalese (i.e. Black's Law dictionary) that prove you are being contracted as a corporation. Put it into an affidavit format and get it signed by a Justice of the Peace (JP). Advise the corporation to put their concerns in writing in an affidavit format, rebutting your claim of misleading with intent to deceive, point by point of the fraud, with evidence of their claim, signed under penalty and perjury. An un rebutted affidavit stands as truth in commerce. An un rebutted affidavit is judgment in commerce.

Fraud vitiates every transaction and all contracts absolute. Legal Maxim: “if a plaintiff does not prove his case, the defendant is absolved” or released. These all make every contract null and void absolute.

Verbal contract: If asked any questions in person or receive any claims that their actions are mandatory by The Police, government agency or representative i.e. Ministry of Health, a Local Council, such as forced to undergo a medical test/procedure/vaccine, or asked for your details, always start by answering with a question; “What is your name and who are you representing?” If they have already stated this, ask them if they have a piece of paper and for them to write their name, the date, who and what they are representing and what Act are they using.

Ask them if they are referring to your legal name and to write it down. Ask them to provide you and show you the Act, look at it to see that the ‘Act binds The Crown’. You need to be prepared with prove that The Crown is trading as ‘HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND’ is a corporation, registration number CIK 0000216105. Have the legal definitions from Black’s Law dictionary of words supporting that as a ‘person/citizen/peoples/resident/human’ using your ‘legal name/full name’ you are being mislead with intent to deceive using legal construct, referencing you to be a corporate entity or artificial person. You can say, “I am a living woman/man :john: from the house of doe and as the living, I am bound by the laws of nature and God’s lore only all absolute rights reserved.” You can also say, “the persons you are referring to [full/legal name] is an artificial corporate entity and is not me as I am the living.” Inform them that their claim or request or order of you, is illegal and unlawful on the grounds of contract law and fraud. If you start coming up against resistance or force for you to comply, you can say, “are you claiming absolute authority over my life, fortunes and liberty? Because that is the definition of enslavement which is a crime and I give no consent to you or your jurisdiction with all due respect as a living man/woman.”

What does all this achieve?

The above actions that assert your position as the living, changes the administration of your artificial corporate entity to yourself, from the government and other corporations. The government have been administering you because you have been representing as your artificial corporate entity. Once you claim to be living, you become the principal, beneficiary, administrator, executor (and not the surety) of the artificial person/ straw man. It is important that you keep yourself as the living, separate and at a distance from your artificial corporate entity because it is NOT YOU. However, you need your artificial corporate entity to operate in society so you do not want to get rid of it. Do not cancel or give up your birth certificate for this reason, just do not represent it as your identity, it is only your trade name/corporate entity. At the bottom of your birth certificate it clearly states ‘WARNING: This certificate is not evidence of the identity of the person presenting it. CAUTION: Any person who (1) falsifies any of the particulars on this certificate or, (2) uses it as true, knowing it to be false, is liable to prosecution under the Crimes Act 1961.’

Regarding Voting for a political party

Voting for any party is contracting you into being The Crown and being bound by The Crown. If you do not vote, through acquiescence, your silence confirms no objection to them governing you. This means you are giving your ongoing acceptance to them to govern you. To object to being bound by the crown, you must first correct the false presumptions of you being a corporate entity/artificial persons on the pre voting registration forms into your electorate to close the contract. If you have already submitted them prior to voting day, write in to the NZ Electoral Commission on paper or email, making sure you can track and trace all communications. Keep a copy of everything you send to any corporation that corrects a false contract, highlighting the fraud.
