

DOES THE COVID MYTH BUILD A SNOWBALL OF GREED AND FEAR?

By Chris Newman

While you watched the movie 'Avatar' you learned about the rare element called "Unobtainium". For the sake of enjoying the movie you allowed your mind to meld into the moviemaker's story and you believed in "Unobtainium". But you have never seen "Unobtainium" and most likely it doesn't exist anywhere.

You have seen those news stories about the virus called COVID-19. Probably you believe that some scientist somewhere has a test tube of the stuff. This COVID sample would be an isolate or a culture derived from the body fluids of many victims of the disease. However, you are wrong in that assumption.

There is no Ministry of Health on earth, nor the WHO, CDC, or any other outfit, that holds test tubes of COVID-19 (SARS-CoV2) and variant virus isolates. They don't have any virus cultures as physical samples. Yes, you read that right.

Check for yourself. It's the truth. They don't have any "Unobtainium" COVID-19 samples! They do have computer simulations built from moonbeams.

Despite lack of evidence for any COVID virus, despite lack of a genetic sequence for COVID-19 that has ever been cultured, these governments roll on with their snowball of lies. They continue to pass legislation and promote, vaccinations, lockdowns, masks, and persecution of their populations.

With no viral culture on hand to confirm or disprove suspected COVID patients, the politicians are pushing the medical authorities to make up this story as they go along. The COVID project does include some well-meaning people but the drivers are fear and greed based on half-truths and lies.

Only money and power could drive such madness to the global level. Political leaders use vaccination as a weapon to seize Emergency Powers, to mobilise Police and para-military forces (watch Melbourne), to threaten the people and to abuse our Civil Rights.

Most people don't want to lose their job or go to prison for challenging the authorities, so they pretend this is a real epidemic. It's time to do the math. The whole COVID story now looks like a house of cards, a pyramid of lies that will soon collapse under its own weight.

Perhaps this twisted situation is the true nature of what the New Zealand Government calls the "unprecedented circumstances of the COVID-19 epidemic". Did you know that the Pfizer corporation made 15 Billion dollars profit in the past 12 months from its COVID business? That is an unprecedented profit for Bill Gates and the other globalists. There's the greed!

At this stage your logical mind may raise the "Yes, but..." objection. "Yes, but people have died from this epidemic." That's true, people die from illness all the time. However, since this COVID story began, there is no statistically significant change in the overall death statistics. Deaths that used to be called the 'flu are now reclassified as COVID. We see how authorities pushing the epidemic are now classifying many other deaths as COVID e.g. heart attacks, lung disease, diabetes, cancers, motorcycle accidents, and so on.

Reframing the scene is the magician's technique to confuse the audience and get away with the trick. The left hand sprinkles the fairy-dust to distract the people, while the right hand quickly makes the rabbit disappear. Propagandists and magicians know that the human mind cannot hold two opposite ideas at once. Watch how the media snowstorm creates a climate of fear, then the politicians move their COVID-19 nightmare into our reality.

To reclaim your freedom get real. Turn your back on their game and act to reclaim your freedom.

Here in New Zealand the political class don't need science, they've got half-facts propping up policies that torment the lives of the Kiwis. The Parliament is preparing its 'COVID-19 Public Health Response Amendment Bill (No 2)'. The purpose is to extend political control over the population backed by heavy fines, threats, endless testing for COVID and of course an ongoing barrage of media-fuelled fear and torment. The politicians drive down this road because they believe any other road (Ivermectin, health immune systems etc.) would cause mass death. There's the fear!

Such are the ingredients of Mass Hysteria, and such is the business plan for Mass Profits for the COVID industry.

Meanwhile this writer did his homework and produced the following submission to the NZ Parliament to push back on the Bill designed to squash Freedom in the name of COVID Public Health :

Submission to the [COVID-19 Public Health Response Amendment Bill \(No 2\)](#).

1. This Act must be rejected in its entirety because the Government has yet to produce proof that a COVID-19 epidemic exists, and that it can be measured accurately by scientific instruments. **The Ministry of Health does not have any samples of the SARS-CoV-2 (COVID) culture for testing.** Therefore, the Bill's legal framework, oriented to manage the **"unprecedented circumstances of the COVID-19 epidemic"** lacks scientific basis, it is but an empty husk with no factual centre.
2. The New Zealand Government has not conducted due diligence on the entirety of the corpus of data available that examines the thesis of COVID-19 as an infectious disease. With no isolated virus on hand this

Government has not conducted its due diligence on the epidemiology of COVID-19 in a **“co-ordinated and orderly way”**. This Government has failed to weigh up the widest range of scientific evidence, the ‘pros and cons’, so its fearful reactions are irrational and dangerous to Public Health.

3. The meaning of **“epidemic”** in this Bill must follow the Oxford Dictionary definition, *“a widespread occurrence of an infectious disease in a community at a particular time”*. So, **“infectious disease”** means a *disease-causing organism liable to transmit disease to people through the environment. It has a known cause and a distinctive group of symptoms*. Does this Government have epidemiological evidence that there is a proven COVID-19 epidemic, and with its variants this disease is ravaging the bodies of New Zealanders? Because the genetic sequence of Sars-CoV-2 (COVID) has not been cultured there is no viral culture on hand to scientifically confirm anyone's health condition. This Bill is based on a fraud.

4. The disruptions to NZ society attributed to the **“unprecedented circumstances of the COVID-19 epidemic”**, i.e. lockdowns, social distancing, mask-wearing, Pfizer “vaccinations”, economic hardship, suicides and family stresses, damaged children’s learning, lost career opportunities, travel restrictions etc., **are solely triggered by Government policy.** The medical profession recognises that tests alone are usually not sufficient to determine disease (false positives etc.). The Government has yet to produce concrete evidence of any COVID-19 epidemic causing widespread illness and death to New Zealanders.

5. Where is the NZ Government’s proof that a COVID-19 epidemic exists in the proper meaning of that term, as this Bill states the **“unprecedented circumstance(s) of the COVID-19 epidemic”**? Where is the Government’s verifiable evidence in New Zealand of COVID-19 as a national emergency causing widespread illness and deaths of statistical significance? This Bill is based on an unproven COVID myth.

6. Where is proof that the NZ Government holds complete reference samples of the alleged COVID-19 (SARS-CoV2) as real substance, physically isolated from body fluids, and complete DNA material, as captured scientifically in a **“co-ordinated and orderly way”** from the bodies of New Zealanders? Only that evidence would prove the COVID-19 microorganism actually exists in New Zealand as an infectious disease. Without such data this Bill is a violation of the NZ People's rights.

ALERT!

On 24 March 2020 Prime Minister Ardern activated her exceptional powers under the Epidemic Preparedness Act 2006, justified by the **“unprecedented circumstances of the COVID-19 epidemic”**. In the ensuing period the nation's population death rate, when compared with the historic norm in a **“co-ordinated and orderly way”**, has not produced any statistically significant change. There is no evidence of a COVID-19 infectious disease epidemic raging in our bodies. So, there is no national emergency, there are no grounds or justification for the PM to assert these powers. She must **immediately exit from Section 5 of the Emergency Preparedness Act 2006**.

CONCLUSION

The only possible conclusion from our nation's experience of COVID-19 since March 24 2020 is that :

- A. There are no **“unprecedented circumstances of the COVID-19 epidemic”**.
- B. This Government (all parties) have failed to operate in a **“co-ordinated and orderly way”** to prove that a COVID-19 infectious disease epidemic exists, and that there is a provable national emergency to justify legislative intervention in New Zealanders' lives and Parliamentary threats to our freedoms.

C. There is absolutely no need for reasons of public safety, national security, or national emergency for the Government to advance this COVID-19 Public Health Response Amendment Bill (No 2).

D. So, this COVID-19 Public Health Response Amendment Bill (no 2) must be repealed, abandoned in its entirety, for its fundamental premises are unproven by science and disproved by 19 months of New Zealanders' experience of living under the Government's raft of COVID-19 legislation.

Here's sensible advice: turn off your TV, don't get involved with the Official Narrative, turn your back on fearmongers, don't lick any of their lollipops.

Instead seek positive information, invite truthfulness into your life, lift up those around you, have the confidence of your God-given freedoms, and cherish your intact immune system.

Learn the COVID-19 lesson. The "Unobtainium" is just a myth to make greedy people richer. Their game exploits the fearful reactions of a population driven crazy by media manipulation.

Their next game will probably be "Climate Change Carbon Crisis". The authorities will ration you to 5 litres of gasoline per week to reduce your carbon footprint. They will push you to buy a cheap Chinese-made electric car that will fail after 10,000 Kms use. Then you will be invited to have the Trans-Human injection and the free brain implant that connects you into your mobile phone.

Big Brother loves you.

Are you getting the picture? Have you read George Orwell's classic guidebook "1984"? Freedom is one breath away.

Now is the time to organise. Develop "Localism", organise Freedom Networks and take positive action.
